Supply List for:

Electric Quilt Software Classes

If the host site is not supplying computers for you, please bring:

Laptop computer with EQ6 ** already loaded and activated

** If you don't have EQ6 software, come to class at least 15 minutes ahead of time and we'll load a temporary copy of EQ6 onto your computer for you to use for a couple of days.

The power cord for your laptop

Extension cord/power strip

An external mouse (even if you are comfortable with the touch pad on your laptop, you will find a 'real' mouse easier to use in some areas of the software)

Note taking supplies

Your smile and willingness to have fun!

Note: If you are borrowing a laptop from someone else for the class, please take a few minutes before you arrive to become familiar with it. Make sure that the screen is comfortable for you. It can be adjusted to make the images and type larger if needed.
